ALAMUTU KHALID OLUWADAMILARE

Web | Front-end Developer

alamutukhalid@gmail.com | +2349063097314

Experience Summary

I am a Front-End Engineer with over 1 year experience in building web applications, I am passionate and enthusiastic person who is eager to further propel my career in Front-End Development. I can offer energy, a hunger for knowledge, and an openness to learning. I have this to offer:

- **Strong Foundation:** I'm keen to learn more about frontend technologies and have a solid understanding of HTML, CSS, SCSS, and JavaScript and recently Typescript.
- **Fast Learner**: I pick up new skills and frameworks easily and do well in dynamic settings.
- **Collaborative Mindset:** I believe that in order to create outstanding user experiences, great teamwork and communication are essential.
- **Product-Driven:** I'm excited about creating user-friendly interfaces that enhance overall product functionality.
